WASC Our school completed our on-site visitation last week. We had four visiting team members who met with the staff and students as well as observed classroom instruction. They have validated our report and action plan. Our plan calls for us to take a closer look at student attendance, credits earned and test scores. Also teachers will be implementing a variety of instructional methods to better meet the needs of all of our students. We have the support of our District administration and welcome parent and student involvement in this on-going process. Please call the Principal, Mrs. Clitheroe at 964-7766 x4401 for more information. Also, a special thanks to all our student ambassadors who provided tours of the campus, especially Wendy Medellin and Maribel Tapia, and Iliana Benitez. Also thanks to our parents who attended the reception. Many Thanks!
